CARBON FIBER SKINNING

Carbon fiber skinning is the process of overlaying a single layer of real carbon over a componet to give it a genuine carbon fiber apperance

Carbon fiber skinning or laminating is a great cost alternative to add carbon fiber to your vehicle. Skinning carbon is a skill as an art where our craftsman bring out the beauty of the carbon fiber and how it transforms a simple component into a one of a kind accent piece in

www.EXOTICCARGEAR.com

Customize your very own steering wheel with any type of carbon fiber, leather, alcantara and other accessories...

Exotic Car Gear's exclusive custom carbon fiber steering wheel conversions. We offer the best ergonomic design, style and quality. Each and every wheel we produce is hand crafted by our skilled craftsmen using only the highest grade materials.

We Offer A Fixed Cost and Complete Package Pricing For Any Wheel With Your Core Or Exchange
